

Theodicy Snowflake

INSTRUCTIONS

- 1) Read a statement. How far do you agree or disagree? Place an 'x' on the dotted line, the more you agree, the closer to the statement you place your 'x'.

Place your 'x' as close to or far away from the statement on the line as you wish.

- 2) Repeat for all statements
- 3) Connect all 'x's to make a shape
- 4) Shade the shape
- 5) Find someone in your group who has a DIFFERENT shape to you. Locate points of disagreement.
- 6) Explain why you think the way you do, listen to different viewpoints.
